

I'm going to serve with *Heart for Africa!*

Please help me get to Eswatini!

Hunger Orphans Poverty Education

Heart for Africa is a faith-based humanitarian organization focused on bringing hope to the people of Eswatini by focusing in the areas of **H**unger, **O**rphans, **P**overty and **E**ducation through a 2,500 acre farm called Project Canaan. While serving in Africa I will spend time with the orphans living on Project Canaan and help with various work projects on the farm. I will also spend time in the community feeding the hungry and helping those in desperate need.
